

Business First Broadband

CRITICAL INFORMATION SUMMARY INFORMATION ABOUT SERVICE

SERVICE DESCRIPTION

The Business First Broadband plans are an Internet service offered over the copper network either using our own infrastructure or infrastructure supplied to us by our wholesale partners. You can transfer your existing broadband service or activate a new service with Commander on your existing PSTN service.

MINIMUM CONTRACT TERM

1 Month

BUNDLING ARRANGEMENTS

Bundling is optional. A discount will apply to the this plan when bundled with an active eligible office phone service on the same Commander account. An active office phone service can be a standard PSTN line or digital ISDN line. If you cancel or transfer away the active phone service, the \$20 monthly discount will no longer be available and your minimum monthly access fee will revert back to per month. Standalone prices are 150GB Plan is \$69.95 and Unlimited is \$79.95.

KEY DETAILS

The product has no bundling requirements. The Business First Broadband Unlimited plan includes Unlimited plan. You will be supplied with the fastest speed available at your location - ADSL2+. Commander Standard Form of Agreement and Acceptable Use Policy applies to this plan, the terms of which can be found at commander.com.au/customer-terms. This plan is subject to availability at your location.

Your current plan could overlap with the rollout of the nbn in your area. NBN availability can be checked using our Rollout Map commander.com.au/support/internet-bundles/rollout-map. If so, you agree that Commander will transition your services when they become ready for service to the nbn network. Your service will be migrated to nbn on the same terms and conditions as your then-current contract.

Standard installations are completed without charge to you. Non-standard, additional or subsequent installations including but not limited to NBN Professional Install or Valet Offerings may require you to pay additional charges. Any cabling that is required in your premises beyond the Network Boundary Point is your responsibility. Once you have upgraded to the nbn network you will not be able to move back to a copper service.

HARDWARE

You may use your own modem or a Business Gateway can be provided - see Pricing Table. A \$20 P&H fee applies for Business Gateway delivery. The Business Gateway is pre-configured, customer self-installed and includes instant activation with 4G Backup. 4G Backup provides an alternative Internet connection (max. speeds up to 12 Mbps) when your fixed Internet service has failed or is waiting to be activated (not available in all areas).

For more information: commander.com.au/support/internet-bundles/business-continuity. Please note that support is only available for Commander approved modems. For a list of approved modems, call Customer Service on 132 777.
