

# Business One SIP

## CRITICAL INFORMATION SUMMARY

### SERVICE AND PRICE INFORMATION

The Business One SIP Plan is a Commander SIP Plan. Commander SIP services are basic phone lines, or channels, connected via the Internet, also known as VoIP or IP telephony. They are generally used to connect SIP capable phone systems or gateway devices to the telephone network. You can transfer your existing Office Phone service or activate a new service with Commander. A minimum of 2 SIP channels are required and single channels can be purchased after the minimum at the same rate. Commander SIP services are not available for resale or high-volume telemarketing. Commander is responsible in supplying these services to our customers and we have no other affiliation or relationship with our wholesalers outside of our wholesale agreements. Equipment is generally required to access the service. In the event of a power outage, your Commander SIP services will not work unless you maintain a back-up battery solution. This service has a 1-month, 36 or 60-month minimum term applicable.

### PRICING

### OTHER INFORMATION

#### BUNDLING ARRANGEMENTS & DISCOUNTS

The Business One Commander SIP Plan can be bundled with a Business One Broadband Plan to receive a bundle discount. You are eligible for a Business One Commander SIP Channel for \$0 for every Business One Broadband Plan you keep active. This is delivered via a \$45, \$42 or \$40 bundle discount on your Commander SIP Plan. Only one discount applies per Business One Broadband plan. If you cancel your Business One Broadband Plan, transfer it away or change it to a different NBN plan, you will lose the \$45, \$42 or \$40 (contract dependant) discount and start paying the full price for the Business One Commander SIP Channel.

You will receive a discount if you bundle more than 5 Business One voice services together on the same account. If you maintain between 5 and 9 active Business One voice services, you will receive \$5 off each fully charged service. If you maintain more than 10 active Business One voice

services, you will receive \$10 off every fully charged service. This offer is applicable across Commander Phone, Commander SIP and NBN Business Line services. If the number of active Commander voice services falls below the minimum threshold of 5 or 10 services, the applicable discount is removed and services charged at the full rate.

#### KEY DETAILS

Your Commander SIP Monthly Access Fee includes channel rental, local calls, national calls and calls to Australian mobiles. Call types not listed, as well as optional Value-added services and any equipment required to operate your service are charge in addition to your Monthly Access Fee.

This service is not appropriate if you require an uninterrupted phone service with access to 000 emergency services and will not function in the event of a power failure. Commander does not offer Priority Assistance.

## USAGE INFORMATION

For information about current usage levels log into ‘My Account’ at [takecommand.com.au](http://takecommand.com.au)

## PAYMENT OPTIONS

Payment by Direct Debit from a bank account does not incur additional fees or charges. Additional charges apply for other payment methods. For details, see your invoice, our Schedule of Fees & Charges on our website [commander.com.au/customer-terms](http://commander.com.au/customer-terms), or contact us on 132 777.

## STANDARD INSTALLATION REQUIREMENTS

You are required to install any equipment (such as Commander Business Modems) that you purchase with your Commander services. You are also responsible for any associated cabling, network configuration and any routers and/or switches within your network to allow the services to work.

## HARDWARE

An Internet connection and supporting connectivity hardware is required to use this service. If you use this service in conjunction with the Commander Business Modem hardware and a Commander Internet service on the same account, our 4G Backup feature is enabled free of charge. 4G Backup enables you to make and receive calls over the mobile network, in the event of a service interruption or network outage on your primary Commander Internet service. For more information: [commander.com.au/phone/business-continuity](http://commander.com.au/phone/business-continuity)

## SERVICE AVAILABILITY

Services may not be available to all areas, premises or customers. If we are unable to connect all your requested services, we will attempt to contact you to discuss further options first or, if we can't contact you after making reasonable attempts, we will cancel your order. An Internet service with a minimum of 100/100 Kbps per concurrent call is required for a Commander SIP service. You can utilise an existing Internet connection or request a new one from Commander. Applicable Internet rates apply. To use a Commander SIP service, you will need a high-speed Internet service (broadband), a SIP capable modem/router and a SIP-enabled PBX. These can all be sourced additionally from Commander if required; please speak to your Commander representative for more information.

Calls to some International destinations are blocked by default due to high risk of fraud. You may arrange with Commander to unblock these destinations, upon accepting full responsibility for payment for any calls from your service makes to these destinations.

You must inform us if the service is intended to be used in conjunction with a disability or medical service, back to base alarm or is intended to carry data services such as Fax, EFTPOS or HiCaps. These services may not be supported or may require an alternative service or additional equipment.

Calls to some International destinations are blocked by default due to high risk of fraud. You may arrange with Commander to unblock these destinations, upon accepting full responsibility for payment for any calls from your service makes to these destinations.

## CONTACT DETAILS
